RE: Merrimack County Telephone Company, Primary Rate Interface Revision

Dear Ms. Howland:

Enclosed please find the original and eight (8) copies of the following tariff pages:

Part III-Advanced Digital Services
Section 4 First Revised Sheet 11, 12 & 18

The purpose of this filing is to revise the language and add rates for Alternative Service Arrangements (ASA) in the Primary Rate Interface (PRI) tariff. Currently PRI-ASA are handled on Individual Case Basis subject to Commission approval. The Company is adding specific rates for ASA instead of offering the service on an ICB.

The local revenue impact is expected to be \$7,920 in the first year of availability. This impact would equate to less than 1% change in annual revenue. The proposed effective date is July 8, 2009. If you have any questions regarding this filing please contact me at (608) 664-4173.

Sincerely,

Karen Fehrman
