Re: DM 10-016, Legacy Energy Group, LLC  
Registration as a Natural Gas Aggregator

Dear Mr. Stumpo:

On January 22, 2010, Legacy Energy Group, LLC (Legacy Energy Group) filed with the Commission an application for registration as a natural gas aggregator, together with a check in the amount of \$250.00. On February 1, 2010, Legacy Energy Group filed a revised registration application with the Commission.

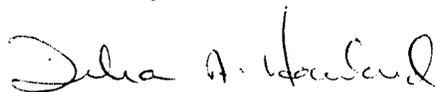

The Commission has reviewed the revised application for registration as a natural gas aggregator and has determined that it meets the requirements for registration pursuant to N.H. Code Admin. Rules Puc 3003.02. Therefore, the Commission will approve Legacy Energy Group as a natural gas aggregator in the State of New Hampshire, with the registration to be effective February 16, 2010. This registration will expire at the end of business on February 15, 2012.

Additionally, please bear in mind that, pursuant to N.H. Code Admin. Rules Puc 3003.02 (e), each aggregator applicant shall re-register with the Commission every 2 years by filing an application for renewal at least 60 days prior to the expiration of its registration, i.e., in the case of Legacy Energy Group, on or before December 17, 2011. Pursuant to Puc 3003.02 (d), each natural gas aggregator shall notify any LDC in whose service territory it intends to do business of the filing of its registration or renewal application at the time it files such an application with the Commission. Instructions on how to properly file a renewal registration application are located on the Commission website at <http://www.puc.nh.gov/Gas-Steam/CNGS-aggregator%20application%20instructions.pdf>. There is currently no provision in N.H. Code Admin. Rules Puc 3003.02 which requires a fee for the renewal of the registration as a natural gas aggregator.
