RE: DE 10-060 Customer Sited Renewable Sources Independent Monitor Fourth Quarter 2014
Aggregation Report DE 09-006 Annual Monitoring Report for 2014

Dear Ms. Howland,

Please find enclosed an original and 2 copies of two reports. First is the New Hampshire Electric Cooperative, Inc.'s (NHEC's) report of requested Customer Sited Renewable Sources aggregation for the fourth quarter of 2014 in accordance with the Commission's Aggregation approval of April 9, 2010. It is NHEC's intention to report this generation in the NEPOOL Generation Information System for fourth quarter 2014.

As shown in the report, the total capacity of the Class II aggregated sources is approximately 1,719.68 kW. NHEC requests that the Commission please update the NEPOOL GIS Administrator regarding this approved capacity.

The second report is NHEC's annual monitoring report for the calendar year 2014 in accordance with the Commission's approval of NHEC as an independent monitor.

If you should have any questions please contact me at mcneils@nhec.com or 603-536-8608.

Sincerely,

1.26.15
