Re: Request for Waiver of 60 days renewal
of aggregator license prior to expiration date

Director Howland,

Standard Power is requesting a waiver of the rule requiring a renewal of our electricity aggregator license to be made 60 days prior to the original expiration date. Standard Power has complied with all regulations of the commission over the past 2 years. Our original letter of approval asked that we make renewal application by April 28, 2012. Unfortunately there was a change to that rule and it apparently was not received or noticed by the proper party at Standard Power.

Please feel free to contact this office with any questions. The renewal application will be completed by Monday April 9, 2012.

Your consideration of this request is appreciated.

Regards,

 4-6-12
Richard Harding
