Subject: Re: Docket DE10-122-Please Deny PSNH financing for Merrimack Station

Jul 20, 2010

Ms. Debra Howland
21 S. Fruit Street, Suite 10
Concord, NH 03301

Dear Ms. Howland,

It has come to my attention that the NH PUC is considering a request from PSNH to borrow and spend an additional \$600 million, primarily for work on the 50 year old Merrimack Station Coal plant in Bow (Docket DE10-122).

To allow PSNH to push its total debt to \$1.3 billion by 2012 and spend the bulk of those funds to continue to operate a dirty old coal plant goes against the PUC mission "to ensure that customers of regulated utilities receive safe, adequate and reliable service at just and reasonable rates".

The PUC should act in the best interests of NH ratepayers and make it clear to PSNH that the time has come to stop spending good money after bad on Merrimack Station, and immediately begin planning for the phase-out of the coal plant while replacing its capacity with cleaner and more affordable sources of electricity.

Sincerely,

Marie Bergen
