Re: Lakes Region Water Company
Docket Nos.: DW 10-141 and DW 07-105

Dear Ms. Howland:

I write on behalf of Lakes Region Water Company to advise the Commission of an update to the Company's response to Commission Records Request No. 5 which concerned the permit status for the Mt. Roberts' wells serving the Paradise Shores systems.

On July 5, 2012, the Company received an approval from the NHDES under Env-Dw 301, Small Production Wells for Small Community Water Systems. A copy of the approval letter is enclosed.

This information is being provided to the Commission pursuant to PUC Rule PUC 203.09 (k), which requires that Lakes Region update its response to Record Request 5 when "prior to the issuance of a final order in the proceeding ... the party obtains information which the party would have been required to provide in such response had the information been available to the party at the time the party served the response." This information updates the Company's prior response filed with the Commission on March 21, 2012.
