SUBJECT: DT 10-270 – International Network Solutions, LLC Withdrawal of Authorization and Re-Application for Authority as a CLEC

CC: DT 10-183 – Petition by Certain Rural Telephone Companies Regarding CLEC Registrations within their Exchanges.

TO: Debra Howland, Executive Director
Kate Bailey, Director, Telecommunications

On October 11, 2010, International Network Solutions, LLC filed NHPUC Form CLEC-35, Withdrawal of Application or Authorization. International Network Solutions, LLC was granted CLEC authorization on October 19, 2009, pursuant to Authorization Number CL-10-001-09, which authorized International Network Solutions, LLC to provide CLEC services in a statewide service territory. International Network Solutions, LLC affirmed that it currently has no customers in New Hampshire.

Along with NHPUC Form CLEC-35, International Network Solutions, LLC filed NHPUC Form CLEC-10, CLEC Application for Registration. International Network Solutions, LLC is now requesting authorization to provide telecommunications services only within the FairPoint Communications service territory.

Staff has reviewed the two filings and recommends approval of both. Upon formal approval by the Commission, International Network Solutions, LLC will no longer have authority to provide CLEC services to a statewide service territory, but only in the territory of the non-exempt ILEC, FairPoint Communications, and will therefore not participate in Docket No. DT 10-183.
