## Summary of Experience

Energy Professionals, LLC., was formed in 2007 for the purpose of being a broker in natural gas and electricity. Both the President, Kim Larsen, and Executive Director, Steve Upham, have extensive managerial and energy related experience. President Kim Larsen has held numerous managerial positions for over 20 years and is a seasoned executive. Steve Upham has well over 7 years of extensive energy experience dating back to 2002 where he was co-owner and Director of operations for On Target Marketing which sold for various energy suppliers.

Energy Professionals, LLC., envisions working only for licensed 3<sup>rd</sup> party suppliers and will not be taking title to the commodity or traditionally “aggregating” and/or combining load. For the most part it will be the 3<sup>rd</sup> party suppliers that will have the direct billing/customer service relationship with their customers. However, if a client/customer should ever need to contact Energy Professionals, they stand ready, willing, and able to handle and professionally address all inquiries. Any and all customer inquiries and complaints would be handled in full accordance with Commission rules. Please see attached resumes of both Kim Larsen and Stephen Upham outlining extensive energy and managerial experience.
