PETITION FOR LATE FILED INTERVENENOR STATUS

In accordance with the Commission’s Rules of Practice, PUC 203.17, CRC Communications of Maine, Inc., d/b/a OTT Communications, hereby petitions the Commission for permission to participate in this proceeding as an intervening party on a late filed basis.

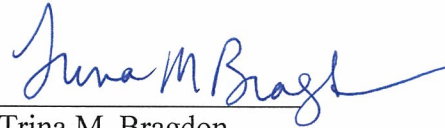

OTT Communications is a competitive local exchange carrier in New Hampshire. In order to serve its customers in New Hampshire, OTT Communications utilizes numbering resources supplied by the North American Numbering Plan Administrator. As such, OTT Communications has interests in this proceeding and its business and operational activities will likely be affected by the issues that will be decided by this proceeding.

OTT Communications intends to participate in this proceeding as necessary to protect its interests. Because OTT Communications’ interests will likely be shared in common with other carriers in New Hampshire, allowing OTT Communications to intervene will not prejudice any of the parties to this proceeding.

For all these reasons, OTT Communications requests that it be allowed to intervene as a party to these proceedings and that that we be included on the service list in this docket:
