Re: DE 10-226, Disclosure of Electric Service Energy Sources and Environmental Characteristics
Modification to Procedural Schedule

To the Parties:

On October 26, 2010, the Commission issued a procedural schedule in the above referenced proceeding. In that schedule, December 1, 2010 was set as the deadline for filing a Report and Recommendation with the Commission. On December 1, 2010, Staff and the parties filed a report of the November 22, 2010 technical session that, among other things, requested additional time to file the Report and Recommendation and an extra technical session to exchange additional information on the content and format of the disclosure label.

The Commission has scheduled a technical session on January 21, 2011 at 10:00 a.m., and extended the deadline for filing the Report and Recommendation to February 25, 2011.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra A. Howland".
