 Concord, NH 03301-2429

Re: Petition of Comcast of Maine/New Hampshire, Inc for license to maintain a utility cable over and across the Public Waters of the Merrimack River in Concord, NH.

Dear Ms. Howland,

Please find enclosed an original and six copies of a petition for Comcast of Maine/New Hampshire, Inc. to maintain cables over and across the Public Waters of the Merrimack River in Concord, NH.

Attached to the Comcast's petition are references to the petition of BayRing Communications for this same location which was recently licensed by the NH PUC under Docket No. DT 10-010.

In addition, I have also enclosed a copy of the Concord Electric Pole Attachment License Applications originally submitted to CE when this crossing was constructed by TeleCable in the early 1970's.

Should you have any questions feel free to contact me at (978) 848-5890.

Sincerely,

Glenn M. Fiore
 Sr. Construction Manager
 Comcast – NorthCentral Division
