Re: Delivery Service Tariff NHPUC No. 8 Effective April 1, 2011

Dear Ms. Howland:

In compliance with the Commission's Order No. 25,204 dated March 15, 2011 in Docket DE 10-314 (Petition for Approval of Proposed Renewable Default Energy Service Rate) the following tariff page is transmitted herewith:

NHPUC No. 8 - Electricity Delivery Service  
Public Service of New Hampshire

1<sup>st</sup> Revised Page 96

Effective: April 1, 2011

In its Order No. 25,204, the Commission approved an overall decrease of 1.56 cents per kilowatt-hour to PSNH's Renewable Default Energy Service rate effective for all bills rendered on or after April 1, 2011. The reduction to the rate is as follows: from 3.532 cents, 1.766 cents, and 0.883 cents per kilowatt-hour in addition to the Energy Charge, to 1.972 cents, 0.986 cents, and 0.493 cents per kilowatt-hour for the 100%, 50%, and 25% Renewable Service Options, respectively.

The Commission further ordered that PSNH place the Renewable Rate over-collection (approximately \$3,750) in an escrow account with carrying charges until the issue is fully reviewed as part of the 12-month review process stipulated in Order No. 25,080.

Customer Notification

For your information, PSNH will publish the Commission's order once in a statewide newspaper of general circulation or of circulation in those portions of the state where operations are conducted, no later than March 25, 2011. A message will be placed on customers' bills for service rendered on or after April 1, 2011 informing them of the rate changes.
