**Re: DE 11-107: Granite State Electric Company d/b/a National Grid
Reliability Enhancement Plan and Vegetation Management Plan (REP/VMP)**

Dear Ms. Howland:

On July 6, 2011, Granite State Electric Company d/b/a National Grid (“National Grid”) filed, in accordance with Commission Order No. 25,126, an original and two copies of National Grid’s Revised Pages 35, 36, 37, 39, 40, 43, 44, 45, 50, 55, 57, 59, 60, 66, 68, 70, 72 and 84 of N.H.P.U.C. No. 17 – Electricity. We have since determined that Revised Page 84 contained errors in its parenthetical reference to the applicable Commission authority. Following a conversation with the Commission Staff, National Grid is re-submitting all of the above-referenced Revised Pages, including a corrected Revised Page 84. The enclosed filing replaces the materials filed on July 6.

Please note that the filing of Revised Page 84 in this docket also complies with Order No. 25,247 in Docket No. DE 11-146, which approved National Grid’s request to revise its GreenUp Service Recovery Adjustment Factor from \$0.00006 per kWh to \$0.00000 per kWh effective for service rendered on and after July 1, 2011. We will file a separate letter in Docket No. DE 11-146 giving notice that National Grid has complied with Order No. 25,247 by way of the enclosed filing.
