Re: DE 11-225, New Hampshire Electric Cooperative, Inc.
Certification Application for Class II Eligibility Pursuant to RSA 362-F
on Behalf of Scott Moriearty

Dear Mr. McNeil:

On October 06, 2011 you submitted an application on behalf of Scott Moriearty requesting the Commission grant approval of the photovoltaic facility located at the Moriearty residence to produce Class II, Renewable Energy Certificates (RECs) pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Staff has reviewed this application and has recommended approval of the Moriearty residence facility as eligible for Class II RECs effective October 06, 2011.

Since this facility is a customer-sited source, the output is not recorded in the New England Power Pool Market Settlement System and, as a result, the output must be monitored and verified by an independent monitor. Your application states that NHEC will monitor the facility's output as required by N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. This facility's total output will also be included in the *NHEC Class II Aggregation's* total output reported to the NEPOOL Generation Information System as approved by the Commission on April 9, 2010.

November 3, 2011
Page two

The details for this facility are listed in the following table.

Docket #	Facility Owner	Facility Location	Operation Date ¹	Total kW listed in application (DC Arrays)	Effective Date to Produce RECs ²	NH Certification Code
DE 11-225	Scott Moriearty	Sandwich, NH	10-04-11	4.6	10-06-11	NH-II-11-035

The Commission has determined that NHEC has provided all the information necessary to demonstrate this facility's eligibility for certification and hereby certifies the Scott Moriearty photovoltaic array as eligible to receive Class II RECs effective October 06, 2011.

Sincerely,

Debra A. Howland
Executive Director

¹ NHEC considers the operation date listed in the table above, and in Exhibit E of each application, to be the date on which NHEC inspected each facility and installed a revenue quality meter to record the electricity that will be eligible for Class II RECs. The date listed in each interconnection application pertains to the installation and interconnection of the facility and may be different than the operation date listed in the above table.

² This is the effective date to produce RECs if the Commission approves this facility eligible to produce Class II RECs.

SERVICE LIST - EMAIL ADDRESSES - DOCKET RELATED

Pursuant to N.H. Admin Rule Puc 203.11 (a) (1): Serve an electronic copy on each person identified on the service list.
