Re: DE 08-103, DE 11-250: Public Service Company of New Hampshire (PSNH)

Dear Ms. Howland:

I am writing in follow up to Commission Order No. 25,332 which was issued yesterday in the above-captioned docket. This order requires the release of certain information for which PSNH had requested confidential treatment, i.e., the final contract prices, including NTX amounts, listed in the JACOBS Consultancy June 2011 Due Diligence Report for sixteen contracts associated with the construction of the Clean Air Project at Merrimack Station.

The purpose of this letter is to inform the Commission that pursuant to contract obligations, Public Service Company of New Hampshire is in the process notifying each of the sixteen contractors of the Commission's order requiring public disclosure of the final contract price, and providing each contractor with information regarding the process for seeking rehearing should the contractors seek to pursue any legal remedies regarding release of this information.

Pursuant to Puc 203.08 (i), PSNH requests that information for which confidential treatment was denied not be disclosed until all rights to request rehearing and to appeal have been exhausted or waived.

Very truly yours,

A handwritten signature in black ink that reads "Sarah B. Knowlton".
