Witness: James J. Vancho, Terrance J. Large

---

**Request:**

Were either of you involved in preparing the presentations made to Risk and Capital Committee and the Board of Trustees on the scrubber project in June and July of 2008 or were either of you present for those presentations? If so, please describe the level of your involvement.

**Response:**

Mr. Large was involved in the development of the presentations made to the Risk and Capital Committee and the Board of Trustees on the scrubber project. Mr Large was present for the June Risk and Capital Committee meeting, but was not present for the July presentation to the Board of Trustees. Mr. Large's involvement included review of the presentations, and the provision of input and edits, prior to its final delivery to the intended audience.

Mr Vancho was involved in the development of presentations made to the Risk and Capital Committee in June and the Board of Trustees in July. Specifically, he reviewed both presentations overall, prepared much of the financial information contained in the presentations, and discussed the financial material in the June meeting. He was not present for the July meeting.
