Q-PSNH-10. Page 6: Regarding your analysis on pages 5-6, does it take into account the public interest goals that the New Hampshire Legislature identified as critical components in its decision making process when passing the Scrubber Law? Explain your answer.

Witness: Dr. Elizabeth Stanton

Objection: CLF objects to the extent that this request seeks a legal conclusion, is argumentative, and goes beyond the scope of this docket as defined in this Commission's prior orders (see response to data request 9) and this Commission's desire to exclude review of legislative intent. *See e.g.* Order 25,592 (irrelevant to analysis whether legislature considered amendments to statute and issue is what PSNH's management decisions were under existing law).
