**Puc 2003.01 – Initial Registration of Competitive Electric Power Suppliers**

- (d) Each applicant shall provide the following in or with its application:
1. Demonstration of technical ability to provide for the efficient and reliable transfer of data and electronic information between regulated distribution companies and CEPS in the form of:
    - a. A statement from each electric distribution company with which the CEPS intends to do business indicated that the applicant has complied with the training and testing requirements for electronic data interchange; and
    - b. A statement from each electric distribution company with which the CEPS intends to do business indicating that the applicant has successfully demonstrated electronic transaction capability;

*Hess Corporation has employed EDI in its business operations since first entering retail electric markets in 1999. Hess' energy marketing department employs a substantial number of in-house electric operations, billing and IT staff who are knowledgeable and have substantial experience in EDI standards, requirements and certification processes. Hess currently conducts EDI with numerous local electric distribution companies throughout the state in which it operates as a competitive retail electric marketer.*

*Enclosed herein as Exhibit 6 are the certificates from each New Hampshire electric distribution company demonstrating that Hess has complied with the training and testing requirements for electronic data interchange and its demonstrated electronic transaction capability.*

2. Evidence, including but not limited to proof of membership in the New England Power Pool (NEPOOL) or any successor organization or documentation of a contractual sponsorship relationship with a NEPOOL member, that the CEPS is able to obtain supply in the New England energy market;

*Please see Exhibit 7.*

3. A \$500.00 registration fee;

*Fee enclosed*

4. Evidence of financial security, as defined in PUC 2003.03;

*Please see Exhibit 8 for a copy of Hess' current surety bond submitted to the Commission and naming the Commission as the obligee, as filed in Docket No. DM 07-132 on February 4, 2008 in the amount of \$350,000. This bond, Bond No. 929375027, remains valid and binding.*

**Puc 2003.03 – Reporting and Financial Requirements of Competitive Electric Power Suppliers**

- (b) Each CEPS shall file a confidential report of the sales activity which occurred during the quarterly reporting period just ended.

*Please see Exhibit 9, enclosed, for copies of Hess' sales activity reports for the first, second, third and fourth quarters of 2011.*

- (c) With each application for renewal, each CEPS shall file, on a confidential basis, a report listing any aggregators currently using the CEPS to provide service to New Hampshire customers, and the number of customers served by each listed aggregator;

*Please see Exhibit 10, enclosed.*

FURTHER RESOLVED, that Amerada Hess Corporation merge, and it hereby does merge, into itself Merit Oil, and assume all of its liabilities and obligations.

STATE OF DELAWARE  
SECRETARY OF STATE  
DIVISION OF CORPORATIONS  
FILED 04:30 PM 08/01/2002  
020492053 - 0097017

**FURTHER RESOLVED**, that the foregoing resolution has been adopted to accomplish the merger of Merit Oil with and into Amerada Hess Corporation, effective upon filing of the Certificate of Ownership and Merger as referred to below; and

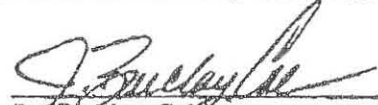

**FURTHER RESOLVED**, that the proper officers of this Corporation be and they hereby are directed to make and execute such Certificate of Ownership and Merger setting forth a copy of the resolutions to merge Merit Oil and assume its liabilities and obligations, and the date of adoption thereof, and to cause the same to be filed with the Secretary of State of Delaware and a certified copy recorded in the office of the Recorder of Deeds of New Castle County and to do all acts and things whatsoever, whether within or without the State of Delaware, which may be in anyway necessary or proper to effect said merger.

**FOURTH:** Anything herein or elsewhere to the contrary notwithstanding, this merger may be amended or terminated and abandoned by the Board of Directors of Amerada Hess Corporation at any time prior to the date of filing the Certificate of Ownership and Merger with the Secretary of State of Delaware.

IN WITNESS WHEREOF, said Amerada Hess Corporation has caused this Certificate to be signed by J. Barclay Collins, its Executive Vice President, and attested by Terry B. Garcia, its Assistant Secretary this 17<sup>th</sup> day of July, 2002.

## COMMONLY ASKED QUESTIONS

- Q: Who will read my meter and when will it be read?**  
**A:** The utility company is still responsible for reading your meter. The timing is based on the specific utility company's procedures.
- Q: Why is the usage amount on my bill different than the usage amount on the utility company bill?**  
**A:** Hess bills on city gate volume. The utility bill is based on meter readings (burner tip) at your location. The difference, utility line loss, is set by and varies by utility. Line loss was previously included by the utility in your local pricing. Line loss is a regulated charge based on percentages determined by each utility to compensate for the utility's pipeline system loss.
- Q: Now that I have chosen Hess as my natural gas/electricity marketer how will my service change?**  
**A:** The only difference you should see is in billing. Hess will charge you for the commodity, while the utility (LDC/EDC) will charge you for distribution/transportation. There should be no other changes in your gas/electric service. The utility will still read your meter and you should still call the utility in the event of an emergency.
- Q: Do I have to sign an agreement?**  
**A:** Yes. Hess will not sell natural gas/electricity to anyone without a signed agreement. This is to protect you as well as us. Customers should not purchase any commodity from a marketer without an agreement because they will be at risk for penalties should the supplier fail to live up to obligations.
- Q: When and how often will I be billed?**  
**A:** Initially, there may be up to a two month delay from the time you enroll or start to receive service to the time you receive your first bill. This is due to timing with the utility company enrollment requirements. You can expect a monthly invoice thereafter.
- Q: Can I be changed to another marketer without my consent?**  
**A:** No. Deregulation laws contain strong consumer protection features that prohibit "slamming". There are severe penalties for marketers who engage in this practice. Slamming is the involuntary switching of a customer from one supplier to another.
- Q: What are GSA charges/credits?**  
**A:** Gas Settlement Adjustment (GSA) either credits or debits your account for the value of natural gas usage that differs from your contracted quantity.

## DEFINITIONS

- Board of Public Utilities** State agency responsible for regulating local utility companies (may also be called Public Service Commission).
- Burner Tip** Point where natural gas is ultimately used by the customer (the meter).
- CCF** 100 cubic feet of gas. This is a measure of gas usage.
- City Gate** Physical connection of an interstate pipeline and the pipeline of the local natural gas utility.
- Commodity Charge** The cost of natural gas/electricity provided to you during the billing period.
- Distribution Utility (LDC/EDC)** A retail natural gas/electricity distribution company that delivers natural gas/electricity to end-users.
- Kilowatt (kW)** One thousand (1,000) watts. A unit of measure of the amount of electricity needed to operate given equipment.
- Kilowatt-hour (kWh)** The most commonly used unit measure telling the amount of electricity consumed over time, it means one kilowatt of electricity supplied for one hour.
- Line Loss** The difference between the amount of commodity (natural gas) brought to the city gate, versus the amount of commodity usage reported at the meter (burner tip). Line loss was previously included by the utility in your total pricing. Line loss is a regulated charge based on percentages determined by each utility to compensate for the utility's pipeline system loss.
- Local Distribution Company (LDC/EDC) charges** The fee assessed by the local utility for delivery of natural gas/electricity to the customer's home or business through utility's distribution lines. In most cases this charge is billed separately by the utility.
- Meter** A device for measuring levels and volumes of a customer's natural gas and electricity usage. The local utility retains responsibility for reading and maintaining these meters.
- MMBTU** Million British thermal units, which is a (heating equivalent) measure for natural gas and is an alternative measure of natural gas reserves.
- No Utility Data Available** If this appears on your bill, we were unable to obtain usage data for your meter from the local utility company. Your next bill will show usage data for this unread period and the next reading period.
- Therm** One hundred thousand (100,000) British thermal units (1 Therm = 100,000 Btu).

**IF YOU SUSPECT A NATURAL GAS LEAK OR SMELL GAS DIAL 911 OR CONTACT YOUR LOCAL UTILITY DISTRIBUTION COMPANY**

Re: Application for NEPOOL Membership

Dear Mr. Jain:

The request of Amerada Hess Corporation ("Hess") to become a Participant<sup>1</sup> in the New England Power Pool ("NEPOOL") was approved by the NEPOOL Participants Committee Membership Subcommittee at its April 25, 2005 meeting, subject to the applicable understandings, including those which reflected in the attachment to this letter.

Please confirm Hess' acceptance of NEPOOL's Standard Membership Conditions, Waivers and Reminders by signing a copy of this letter and returning it, *along with a copy of the Standard Membership Conditions, Waivers and Reminders*, to:

Debra Smith  
New England Membership Coordinator  
c/o ISO New England Inc.  
One Sullivan Road  
Holyoke, MA 01040-2841  
Fax: 413-535-4156  
E-mail: [dsmjth@iso-ne.com](mailto:dsmjth@iso-ne.com)

I understand that Hess intends to operate in New England as a broker, load aggregator and a power marketer. Your signature on the enclosed duplicate copy of this letter will also serve to confirm that understanding.

I have been instructed to remind Hess of the following obligations which are common to all NEPOOL Participants that operate as brokers, load aggregators or power marketers:

---

<sup>1</sup> Capitalized terms used but not defined in this letter are intended to have the meanings given to such terms in the Second Restated New England Power Pool Agreement ("Restated NEPOOL Agreement"), the Participants Agreement, or the ISO New England Inc. Transmission, Markets and Services Tariff ("ISO Tariff").

- (1) each Participant, except a Governance Only Member, has the obligation to assure for each transaction that it has identified transmission facilities required to accomplish such transaction and has made appropriate arrangements with the ISO or the owners of such transmission facilities, as appropriate, for use of such facilities;
- (2) each Participant is obligated to provide NEPOOL or the ISO the information that NEPOOL or the ISO determines is required in order to administer and implement the Restated NEPOOL Agreement, the ISO Tariff and any other agreement that NEPOOL or the ISO administers and, except a Governance Only Member, to verify that satisfactory transmission arrangements have been made for each transaction;
- (3) each Participant is obligated to provide NEPOOL or the ISO the information that NEPOOL or the ISO determines is required in order to administer and implement these conditions and waivers;
- (4) each Participant is obligated to conform to any future changes in NEPOOL requirements;
- (5) each Participant is obligated to comply with all governmental, regulatory or other legal requirements which must be satisfied as a condition to its participation in NEPOOL or the New England Markets, or which may be otherwise applicable to such participation;
- (6) each Participant is obligated to pay an allocated portion of certain NEPOOL and ISO costs in accordance with the Restated NEPOOL Agreement, and the ISO Tariff;
- (7) each Participant is obligated to pay its monthly NEPOOL charges by the settlement date as specified in the Billing Policy (or any successor rule or procedure), which is currently the first work day after the nineteenth of the month but may be subject to change (Participants should regularly review the Billing Policy or any successor rule or procedure for any change to the settlement date);
- (8) each Participant is obligated to provide adequate financial security assurances as reflected in Financial Assurance Policies on file with the FERC as they may be affected from time to time;
- (9) each Participant is required to submit information to the ISO from time to time, as is necessary to enable the ISO to meet its obligations, concerning any entity owned 10% or more by the Participant or any entity which owns 10% or more of the Participant;
- (10) for brokered transactions, a Participant while acting, now or in the future, as a broker would not be considered either the purchaser or the seller;

- (11) each Participant is obligated to conform to standards established by the ISO or any duly authorized NEPOOL committee to assure reliable operation of the New England Control Area, including, without limitation, the obligation to have the ability to subject its load to load shedding as required by the ISO; and
- (12) no Participant may use its rights under the Restated NEPOOL Agreement or ISO Tariff to avoid the application of any stranded cost policy, or to avoid or reduce the payment of any applicable stranded costs or access charges related to such stranded cost policy that has been approved by Federal regulators or regulators in any New England state in which that Participant is purchasing or selling electric energy and/or capacity for resale at wholesale or to retail customers.

Upon receipt of this countersigned letter, NEPOOL expects to make the necessary filings with the Federal Energy Regulatory Commission in order for Hess' application to become effective.

Very truly yours,

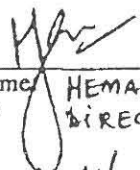

/s/

**STANDARD MEMBERSHIP CONDITIONS, WAIVERS AND REMINDERS  
FOR LOAD AGGREGATORS, POWER MARKETERS, EWGS,  
QF OWNERS, IPPS, BROKERS AND END USERS**

WHEREAS, an applicant for NEPOOL membership ("Applicant") may be one or more of the following types of entities: a "load aggregator," which is considered for this purpose to be an entity that purchases at wholesale electric energy and capacity for resale to retail customers and resells such energy and capacity to retail customers in New England; a "power marketer," which is considered for this purpose to be an entity that purchases as a principal or as a principal and a broker at wholesale electric energy and capacity for resale to wholesale customers and resells such energy and capacity to wholesale customers in New England; an "exempt wholesale generator" or "EWG," which is considered for this purpose to be an entity granted such status by the Federal Energy Regulatory Commission under the Public Utility Holding Company Act of 1935, as amended ("PUHCA"), pursuant to which it is required to be engaged "exclusively in the business of owning or operating, or both owning and operating, all or part of one or more eligible facilities and selling electric energy at wholesale"; an entity which owns a "qualifying facility" or "QF," which is considered for this purpose to be an entity within the meaning of the Public Utility Regulatory Policies Act of 1978 ("PURPA") or an "eligible facility" within the meaning of the PUHCA; an "independent power producer" or "IPP," which is considered for this purpose to be an entity other than an EWG or QF whose exclusive business is owning or owning and operating all or a part of one or more generating facilities and selling electric energy at wholesale or retail; a "broker," which is considered for this purpose to be an entity that acts from time to time for purchasers or sellers in New England in arranging the purchase or sale at wholesale of electric energy and/or capacity; and an "end user with generation" or an "end user without generation," which is considered for this purpose to be a consumer of electricity in the NEPOOL Control Area that generates or purchases electricity primarily for its own consumption or a non-profit group representing such consumers.

WHEREAS, the NEPOOL Agreement as in effect on December 1, 1996 (the "Prior NEPOOL Agreement") was amended and restated by the Thirty-Third Agreement and by one or more supplements or amendments (the "Restated NEPOOL Agreement");

WHEREAS, pursuant to order of the Federal Energy Regulatory Commission ("FERC"), the Restated NEPOOL Agreement was amended to permit, *inter alia*, end users to become members of the Pool;

WHEREAS, the Restated NEPOOL Agreement, as amended, including the NEPOOL Open Access Transmission Tariff (the "NEPOOL Tariff"), has been accepted and/or approved by the FERC subject, in some instances, to further FERC orders;

WHEREAS, the system for effecting all Interchange Transactions on the basis of separate Bid Prices for each type of Entitlement shall take effect on the Third Effective Date, as defined in the Restated NEPOOL Agreement, subject to acceptance by the FERC;

WHEREAS, a New England independent system operator, ISO New England, Inc. (the "ISO"), is responsible for administering the transmission and market arrangements in accordance with the Restated NEPOOL Agreement and the Tariff;
