Re: DM 12-022 Sprague Operating Resources LLC Renewal Application as a CNGS

Dear Ms. Debra Howland:

On January 19, 2012 Sprague Operating Resources LLC filed with the Commission an application for renewal of its registration as a competitive natural gas supplier (CNGS). On June 8, 2012 Sprague received an approval of its application; however the Commission requested that Sprague file a follow up written representation that all aggregators that it serves in New Hampshire are registered with the Commission or, in the alternative, a statement that Sprague has severed its business ties with such unregistered aggregators in New Hampshire.

To comply with the Commission's request, Sprague is writing this letter to serve as Sprague's written representation that Sprague is only doing business with licensed aggregators in New Hampshire and has severed its business ties with any unregistered aggregators in New Hampshire by refusing to pay any referral fees/commissions for any sales activities in New

Hampshire. As further requested by the Commission, the list of aggregators that Sprague has severed its relationship with includes: TruMarx Data Partners, IntelliGEN Resources LP and Neutral Energy, LLC.

Should you have any further information regarding this matter, please call me directly at 603-430-5302.

Regards,

A handwritten signature in black ink, appearing to read "K. Battles".
