Re: Sprague Operating Resources LLC, Docket No. DM 12-022

Sprague Operating Resources/MetroMedia Energy completed an Asset Purchase Agreement with Metromedia Energy, Inc. We submitted a letter to the customers (attached) informing and advising them of any impacts and to make them aware of this change.

Would you kindly let me know if a copy of this letter is sufficient for the PUC. Note that these are commercial and industrial customers and not residential customers.

If the Commission has any questions on our application or needs further information. Please contact me at 603-430-5379.

Sincerely,  
Francine Lehmann
