Re: DM 12-032, Energy New England, LLC d/b/a ENE Energy New England
Renewal Registration to Provide Natural Gas Aggregation Services

Dear Mr. Cunningham:

On January 30, 2012, Energy New England, LLC d/b/a ENE Energy New England (ENE) filed with the Commission an application for renewal of its registration as a natural gas aggregator, together with the renewal application fee of \$125.00.

Commission Staff notes that ENE's original registration as an aggregator expired on September 16, 2011, well before ENE filed its renewal application with the Commission. Despite this oversight, Commission Staff has determined that the renewal application for registration as a natural gas aggregator meets the requirements for registration pursuant to N.H. Code Admin. Rules Puc 3003.05. On February 6, 2012, Staff filed its recommendation to approve the application, with the expectation that ENE will remain cognizant of Commission requirements for registration renewal going forward. The Commission will approve the registration with an effective date of September 16, 2011, which coincides with the expiration of the existing registration for ENE. The renewal registration will expire at the end of business on September 15, 2016.

Additionally, please bear in mind that, pursuant to N.H. Code Admin. Rules Puc 3003.05 (a), each aggregator shall re-register with the Commission by filing an application for renewal at least 60 days prior to the expiration of its registration, i.e., in the case of ENE, on or before July 14, 2016. Please file a timely renewal application. Registration instructions and a checklist of requirements to properly file a renewal registration application are located on the Commission website at <http://www.puc.nh.gov/Gas-Steam/CNGS-Aggregator%20registration%20application%20instructions%20and%20checklist.pdf>.
