Re: DM 12-061, Notification of Satori Enterprises LLC d/b/a Satori Energy's Intent to  
Provide Electric Aggregation Service

Dear Mr. Weirs:

On March 5, 2012, the Commission received Satori Enterprises LLC d/b/a Satori Energy's (Satori) notice of intent to renew its registration to provide electric aggregation service in the State of New Hampshire, pursuant to New Hampshire Administrative Rules Puc 2003.05. Satori first registered in 2009, and its registration expired on May 1, 2011 pursuant to Puc 2003.05(a). Because the registration lapsed, Satori must apply for a new registration. To process your application further, please provide the following:

1. Please file a complete new application for registration as an aggregator with proper filing fees (\$250). We will apply the \$125 deposited with the renewal application toward the registration fee and expect to receive the remaining balance of \$125 with the new application.
2. Please provide details of your activities as an aggregator in New Hampshire from May 1, 2011 to date.

If you have any questions regarding these provisions, please contact the Commission.  
Thank you for your cooperation in this matter.

Sincerely,

  
Al-Azad Iqbal  
Analyst III

## **EXHIBIT C**

Satori Enterprises dba Satori Energy renewed 4 existing customers since May 1, 2011 and no new customers were acquired since May 1, 2011. Three of these customers renewed by signing a 12-month contract and one customer signed a 24-month contract. Below are the dates in which the customers signed agreements:

1. 6/20/11
2. 7/26/11
3. 11/14/11
4. 12/20/11

As previously mentioned, we did not act as an “aggregator” in any of these transactions because we did not aggregate loads together of separate legal entities, rather we served these clients as a broker assisting them in finding the best electric supply deal for their respective businesses.
