PUBLIC UTILITIES COMMISSION**

**ENERGYNORTH NATURAL GAS, INC. d/b/a NATIONAL GRID NH**

**2012 Summer Period Cost of Gas Adjustment**

**ORDER OF NOTICE**

On March 15, 2012, EnergyNorth Natural Gas, Inc. d/b/a National Grid NH (National Grid NH) filed with the New Hampshire Public Utilities Commission (Commission) its proposed cost of gas (COG) rates for the summer period, May 1, 2012 through October 31, 2012.

Included in the filing were revised tariff pages, and supporting materials for the changed rates.

National Grid NH also filed a motion for confidential treatment with respect to certain gas supply-related information. The petition and subsequent docket filings, other than information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Docketbk/2012/12-067.html>.

The proposed residential COG rate is \$0.5118 per therm, a \$0.2397 per therm decrease from the weighted residential COG rate of \$0.7515 per therm for last summer. The proposed change to National Grid NH's residential COG rate, offset by the base distribution rate upward adjustment approved as part of the cast iron/bare steel replacement program by Order No. 25,244 (June 29, 2011) in Docket No. 11-106, are expected to decrease a typical residential heating customer's summer bill by approximately \$76, or 17 percent, compared to last summer.

The proposed commercial/industrial low winter use COG rate is \$0.5103 per therm and the proposed commercial/industrial high winter use COG rate is \$0.5126 per therm. The rate

decrease for the commercial/industrial customers over the comparable rates for last summer is commensurate with the residential COG rate decrease.

The filing raises, inter alia, issues related to: RSA 378 and the justness and reasonableness of rates, fares, and charges; the reasonableness of sales forecasts, supplier prices, and transportation prices; reconciliation of prior period costs and revenues; the causes and treatment of a prior period over-recovery and supplier refund credit; purchasing decisions related to the current and past summer supplies and capacity; revenue projections related to transportation services and released capacity; and revenues and rate impacts resulting from the proposed rate changes. Each party has the right to have an attorney represent the party at the party's own expense.

**Based upon the foregoing, it is hereby**

**ORDERED**, that a hearing be held before the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on April 16, 2012 at 10:00 a.m.; and it is

**FURTHER ORDERED**, that National Grid NH, the Staff of the Commission and any Intervenors hold a Technical Session on March 30, 2012 at 9:00 a.m. to review the petition and allow National Grid NH to provide any amendments or updates to its filing; and it is

Code Admin. Rule Puc 203.17 and RSA 541-A:32, I(b); and it is

**FURTHER ORDERED**, that any party objecting to a Petition to Intervene make said Objection on or before April 16, 2012.

By order of the Public Utilities Commission of New Hampshire this twenty-sixth day of March, 2012.
