Re: Intrastate Access Rate Reform

Dear Ms. Howland,

Pursuant to the *Connect America Fund et al.*, WC Docket No. 10-90 *et al.*, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (rel. Nov. 18, 2011) ("*CAF Order*"), and to the Commission's April 23, 2012, secretarial letter regarding the *CAF Order*, National Mobile Communications Corp., d/b/a Sovernet Communications, files the enclosed CLEC Rate Sheet to reduce certain elements of its intrastate terminating access rates effective July 1, 2012.

A redacted version of the workpaper used to demonstrate compliance of the rates with the *CAF Order* is also enclosed. An unredacted, confidential version of the spreadsheet was provided to Commission staff by email.

An original and seven copies are provided.

The unredacted report includes competitively sensitive trade information, the disclosure of which to the public would cause Sovernet harm. Accordingly, Sovernet requests that the PUC treat this filing as a confidential document, and obtain Sovernet's consent before allowing persons other than the staff of the PUC to review the document or obtain a copy of any portion of the report.

Please feel free to contact with any questions regarding the report or Sovernet's request for confidentiality. Thanks very much.

Regards,

Lawrence Lackey

Encl.
