Hi Carey,

Please file the access rate as a tariff correction with an effective date of July 3rd, and the staff memo to the Commission will simply recommend approval of a retroactive rate reduction.

Please feel free to contact me if you have further questions.

Kind regards,

How do you want to see this revision/correction made?

Thanks!

IDT is going to reduce the rate that had been rounded up -- \$0.015980 to \$0.015975.

Should we submit this as a tariff revision or a replacement page?
