Exhibit No.	OCA 5
Witness	Michael Reed, Daniel Goulet
DO NOT REMOVE FROM FILE	

OCA 1.5: On page 4 of his testimony, Mr. Reed identifies six wireless networks that C Squared measured. For each of the six, please list and describe the details of all retail calling plans utilized by C Squared for its measurements (e.g., features, fees, limitations, etc.). If no retail calling plans were used, please explain how C Squared was able to access these networks in order to test signal strength.

RESPONSE: See **CONFIDENTIAL** Calling Plan Attachments TDS-CONF 0182-0185 for Verizon Wireless, T-Mobile, AT&T and Sprint Nextel (combined into one plan due to merger). C Squared Systems, LLC uses a Prepay Plan for US Cellular rather than a Calling Plan.

Michael C. Reed is responsible for this response.
