Re: DM 12-203 Glacial Natural Gas, Inc.
Competitive Natural Gas Supplier Registration Application
Deficiency Letter – Non-Compliant Registration Form

Dear Mr. Gusman:

The Glacial Natural Gas, Inc. application for registration as a natural gas aggregator was received on July 10, 2012. The submitted application uses an outdated registration form. The application form was updated with the adoption of revised Puc 3000 administrative rules that became effective September 25, 2010. As a result, sensitive financial information has been provided that is no longer necessary and other information that is required has not been provided.

Glacial Natural Gas, Inc. will need to resubmit the registration application using the current format as required under the Puc 3000 rules. Registration instructions are posted on our Commission web pages at <http://www.puc.nh.gov/Gas-Steam/CNGS-Aggregator%20registration%20application%20instructions%20and%20checklist.pdf>. Regarding the confidential materials included in the application submitted on July 10, 2012, unless instructed otherwise by Glacial Natural Gas, Inc. within the next 60 days, the Commission will properly destroy and dispose of the sensitive documents.

Staff of the Commission will resume its review of the registration as soon as Glacial Natural Gas, Inc. files the application in accordance with current requirements. Please submit a follow-up letter to the Executive Director of the Commission with a corrected registration application. To assure proper docket filing of the updated information, the letter should reference this docket number (DM 12-203 Glacial Natural Gas, Inc.) in the cover letter. Also be sure to copy form Puc 3006.01 into a WORD document, being careful to address each requirement. Please feel free to contact me at (603) 271-2434 if you have any questions related to the registration requirements or to your registration application.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. Wyatt".
