**SUBJECT:** Staff Recommendation  
DM 12-222 Good Energy, L.P.  
Natural Gas Aggregator Registration Application

**TO:** Debra Howland  
Executive Director

In light of new information related to Good Energy that has come to my attention today, I recommend that the Commission temporarily suspend its consideration for approval of this gas aggregator registration application. Gas Division Staff has just learned of an open Commission investigation in Docket No. DE 12-214 that directly involves the applicant's electric aggregation activities. Until such time that issues from that investigation are resolved, Staff recommends that the Commission suspend its consideration of the renewal of the Good Energy gas aggregator registration.

Should you have any questions regarding this registration application, please do not hesitate to contact Robert Wyatt of the Gas/Water Division.
