DM 12-222 Good Energy, L.P.  
Natural Gas Aggregator Registration Application

**TO:** Debra Howland  
Executive Director

August 16, 2012 Staff filed a recommendation to approve the Good Energy gas aggregator registration application. On August 17, 2012 Staff recommended a temporary suspension of consideration to approve this registration based on new information of a complaint related to certain electric aggregator activities by Good Energy in New Hampshire. Based on the August 23, 2012 Secretarial Letter stating the Commission will take no further action, Gas Division Staff recommends that the Commission now move forward on its consideration for approval of the Good Energy gas aggregator registration application.

Should you have any questions regarding this registration application, please do not hesitate to contact Robert Wyatt of the Gas/Water Division.
