Re:

DM 12-222, Good Energy, L.P.

Renewal Registration to Provide Natural Gas Aggregation Services

Dear Mr. Barrios:

On July 23, 2012, Good Energy, L.P. (Good Energy) filed with the Commission an application for renewal of its registration as a natural gas aggregator, together with the renewal application fee of \$125.00.

Following its review of the filing, Commission Staff issued an initial recommendation for approval of Good Energy's renewal application on August 16, 2012. On August 17, 2012, Staff filed a request for suspension of the Commission's consideration of Good Energy's application, on the basis of a consumer complaint related to Good Energy's electric aggregation activities, investigated in Docket No. DE 12-214, which was granted by secretarial letter dated September 26, 2012. The investigation in Docket No. DE 12-214 was resolved satisfactorily, with no action taken against Good Energy. On the basis of this information, Commission Staff determined that the renewal application for registration as a natural gas aggregator meets the requirements for registration pursuant to N.H. Code Admin. Rules Puc 3003.05. On October 11, 2012, Staff filed its updated recommendation to approve the application. The Commission will approve the registration with an effective date of October 31, 2012, which coincides with the expiration of the existing registration for Good Energy. The renewal registration will expire at the end of business on October 31, 2017.

Please be sure, in future cases where Good Energy, or its affiliates, are subject to an investigation in New Hampshire or in another jurisdiction, to fully inform Commission Staff involved in registration application review regarding the existence of such investigations.

Additionally, please bear in mind that, pursuant to N.H. Code Admin. Rules Puc 3003.05 (a), each aggregator shall re-register with the Commission by filing an application for
