Re: DT 12-246; Review of Utility Pole Access Issues

Dear Ms. Howland:

In its Order of Notice dated August 6, 2012 opening Docket DT 12-246, the Commission set forth an initial list of issues to be reviewed, and asked that stakeholders submit proposals regarding other issues they believe should be considered. Consistent with that request, the University System of New Hampshire requests that, during the course of this proceeding, the parties be asked to discuss whether it would be beneficial to propose legislation that would relieve pole owners of liability under specified circumstances in instances where they either move or remove third party attachments located on their poles pursuant to the terms of a binding pole attachment agreement.

Sincerely,
