Re: DW 12-254 Forest Edge Water Company  
Rate Case Adjustment  
Extension of Time to File

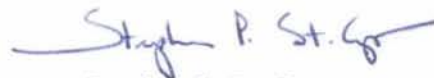

Dear Ms. Howland:

On September 30, Forest Edge Water Company ("FEWC" or "Company") filed a letter with the New Hampshire Public Utilities Commission ("NHPUC") requesting a 1 year extension of the time to June 15, 2015 to file for a step increase for costs incurred in mapping the water system as required by the New Hampshire Department of Environmental Services.

On October 10, 2014, the Staff of the NHPUC ("Staff") supported the extension of time. Staff also recommended that the Commission defer ruling on this extension until the Company provide a copy of its extension requests to interveners and provide an adequate amount of time for the interveners to indicate a position on the request if they wish to do so.

Please be advised that on October 31, 2014 the Company provided a copy of its September 30, 2014 letter and the Staff of the NHPUC's recommendation to interveners and requested, if they wish to provide the Commission with a position on the request for extension time, that they do so directly to the Commission with a copy to the Company by November 15, 2014.

Sincerely,

  
Stephen P. St. Cyr
