Witness: Charles R. Goodwin, Heather M. Tebbetts
Request from: Electricity NH

Question:

Reference Testimony, page 7, lines 10 – 12: Please identify any of the “many costs” that have “increased since the last rate case” that are related to provision of the three Supplier Services at issue in this docket. For each cost identified, please describe in what way the cost is associated, in whole or in part, with PSNH’s provision of Supplier Services and list the magnitude of the increase in the cost for each year since the last rate case.

Response:

Objection: PSNH objects to the second part of the question which states: “For each cost identified, please describe in what way the cost is associated, in whole or in part, with PSNH’s provision of Supplier Services and list the magnitude of the increase in the cost for each year since the last rate case.” PSNH objects to this question as requiring a special study or analysis. PSNH has not tracked the cost/expense information sought by the question. Accordingly, to gather that information would require a special study or analysis on behalf of the requestor. Subject to, and without waiving this objection, PSNH responds as follows:

Examples of such costs that may have increased since the test year in PSNH's last rate case include, but are not limited to, labor costs, regulatory assessment, equipment and supplies, vehicle expense, fuel and all other expenses subject to normal inflationary measures.
