RE: American Utility Management, Inc.'s Renewal Registration for Electric Aggregator

Sir/Madam:

Founded in 1994, American Utility Management (AUM) is the premier Energy Services and Utility Management partner to the multifamily industry. Through energy management, bill processing, and resident utility billing, the company provides invaluable expertise to its partners by finding lost revenue, identifying areas for cost savings, and providing technology and innovation in managing utility and energy expenses.

As AUM continues to broaden its services in additional states, it must be vigilant with staying in compliance with state and local rules and regulations. Therefore, AUM has attached the renewal registration application, two copies and the renewal registration fee for your consideration.

Since the initial filing, AUM has moved to a new location and updated the address in the renewal registration. Also, a few principal members of AUM have changed titles; they are as follows, Michael Miller's title changed from President to CEO, Dimitris Kapsis' title changed from VP Energy Management Solutions to Chief Energy Officer and David Carpenter's title changed from Executive VP to Chief Strategic Officer.

If additional information is required for AUM to renew our license as an electric aggregator in New Hampshire, please let me know and it will be provided.

Sincerely,

A handwritten signature in black ink that reads "Michele Smurzynski".
