Subject: Pennichuck East Utility rate hike

NHPUC 22AUG'13PM12:15

Please note that I am vehemently opposed to any rate hike by Pennichuck East. We already pay near the highest rates in the state by far, and our water quality is poor – it is very corrosive to plumbing. Pennichuck likely overpaid for the previous provider in my neighborhood – however, overpaying for a poorly performing asset is hardly justification for raising prices on a monopoly.
