Re: DE 13-168 and DE 13-169, Solar Farm Bank, LLC
Certification Applications for Class II New Hampshire Renewable Energy
Certificate (REC) Eligibility Pursuant to RSA 362-F

Dear Mr. Hirsh:

On June 07, 2013, Solar Farm Bank submitted applications on behalf of Brent Sowle and Stanley Sowle requesting Commission approval for Class II New Hampshire REC eligibility for their residential photovoltaic (PV) arrays pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Certification of these facilities will enable Solar Farm Bank to add these facilities to its aggregation pursuant to Puc 2506.01 and recognized by the Generation Information System (GIS) under NON 35889.

Staff has reviewed the Brent Sowle and Stanley Sowle applications and has recommended approval of the above-named applicants' PV arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective June 07, 2013, the date Staff was able to determine that the applications were complete.

Since these facilities are customer-sited sources, their output is not recorded in the New England Power Pool Market Settlement System and, as a result must be monitored and verified by an independent monitor. The applications state that Paul Button, Energy Audits Unlimited, will monitor the facilities' output pursuant to N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. Mr. Button will report these facilities' total output annually to the customer, the Commission and the NEPOOL Generation Information System as part of the Solar Farm Bank's Class II aggregation pursuant to Puc 2505.09(h)(3).

The details for these facilities are listed in the following table.

Commission Assigned Docket #	Facility Owner	Facility Location	Total MW listed in application	Effective Date to Produce RECs	NH Certification Code
DE 13-168	Brent Sowle	Dunbarton	0.0092	06-07-13	NH-II-13-057
DE 13-169	Stanley Sowle	Dunbarton	0.006	06-07-13	NH-II-13-058

The Commission has determined that Solar Farm Bank has provided all the information necessary to demonstrate these facilities' eligibility for certification and hereby certifies the Brent Sowle and Stanley Sowle PV arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective June 07, 2013.

Sincerely,

Debra A. Howland
