

STATE OF NEW HAMPSHIRE
before the
PUBLIC UTILITIES COMMISSION

Public Service Company of New Hampshire's
Request to Amend Rate EOL to Include Light Emitting Diode Technology
Docket No. DE 13-248

JOINT MOTION TO MODIFY PROCEDURAL SCHEDULE

1. On August 28, 2013, Public Service Company of New Hampshire ("PSNH") petitioned the Commission to amend PSNH's Rate EOL to include light emitting diode ("LED") technology and to implement a new rate structure for LED lighting options. On December 4, 2013, the City of Manchester filed a petition to intervene in the docket, which was granted by the Commission at the hearing held on December 10, 2013. With the exception of the Commission Staff there are no other parties or intervenors.

2. Following the December 10, 2013 hearing, the procedural schedule for the docket was amended and called for the City to submit discovery requests to PSNH on or by January 15, 2014. In the interim, PSNH and the City have discussed whether the issues in the docket as between them may be subject to settlement. PSNH and the City have determined that they will require additional time to determine whether and to what extent settlement is possible.

3. Accordingly, PSNH and the City hereby jointly request that the Commission suspend the procedural schedule in the docket by 30 days. If, during that time, a settlement may be achieved, PSNH and the City will so inform the Commission. If not, the docket will resume with the City's submission of data requests to PSNH on or by February 14, 2014, 30 days following the initial date upon which such discovery was originally due. PSNH has communicated with Staff, the only other party in the docket, and Staff does not object to the extension of the schedule.

WHEREFORE, for the reasons stated above PSNH and the City of Manchester respectfully request that the Commission:

- A. Modify the procedural schedule as requested above; and
- B. Grant such further relief as is just and equitable.

Respectfully submitted,

City of Manchester
By its Attorney
