Legal Notice

**THE STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION
DE 13-274**

**PUBLIC SERVICE COMPANY OF NEW
HAMPSHIRE**

**2014 Stranded Cost Adjustment Charge
ORDER OF NOTICE**

On September 27, 2013, Public Service Company of New Hampshire (PSNH) filed a petition to set its Stranded Cost Recovery Charge (SCRC) for effect with service rendered on and after January 1, 2014. In support of its petition, PSNH filed the testimony of Eric H. Chung with related exhibits and attachments. PSNH stated that adjusting its SCRC rate will be in conformity with PSNH's least cost integrated resource plan most recently filed and found adequate by the Commission.

The SCRC recovery mechanism was established pursuant to the Agreement to Settle PSNH Restructuring in Docket No. DE 99-099 (Restructuring Agreement). According to the petition, the Restructuring Agreement defined PSNH's stranded costs and categorized them into three different parts—Part 1, Part 2, and Part 3. The SCRC was established to recover costs for all three Parts. The Restructuring Agreement capped the SCRC at an overall average rate of 3.40 cents per kilowatt-hour (kWh).

PSNH said that Part 3 costs were fully recovered in June 2006. The Restructuring Agreement states that once Part 3 costs are fully recovered, the SCRC will be set on a forecasted basis every six months and will include any over- or under-recoveries of Part 1 and Part 2 stranded costs from the previous period. Part 1 is composed of the Rate Reduction Bond (RRB) charge, which is calculated to recover the principal, net interest and fees related to RRBs. PSNH testified that the RRBs were fully amortized effective May 1, 2013. Part 2 costs are "ongoing" stranded costs consisting primarily of the over-market value of energy purchased from independent power producers (IPPs) and the amortization of payments previously made for IPP buy-downs and buy-outs as approved by the Commission.

Pursuant to Order No. 25,532 (June 27, 2013), PSNH is currently billing an average SCRC rate of 0.127 cents per kWh for the period July 1, 2013 through December 31, 2013. Based on the data available at the time of the filing of the instant petition, PSNH offered its preliminary calculation of an average SCRC rate of 0.390 cents per kWh for service rendered on and after January 1, 2014. PSNH said that the estimated increase of 0.263 cents per kWh is primarily due to the termination of a \$8.6 million credit relating to the final disposition of PSNH's RRB Reserves and a reduction in credits associated with certain litigation at the Federal Department of Energy from \$4.7 million in 2013 to \$1.4 million in the period beginning January 1, 2014. PSNH stated that it is not requesting approval of a specific rate at this time and that it will update its estimates with more

recent data prior to hearing.

PSNH also filed a petition to set its 2014 energy service rate (Docket No. DE 13-275) on September 27, 2013. The prehearing conference for the instant docket will be held at 10:00 a.m. on October 28, 2013 and the prehearing conference in Docket DE 13-275 will be held at 10:30 a.m. on October 28, 2013. A joint technical session on both dockets will follow the conclusion of the prehearing conference in DE 13-275.

The petition and subsequent docket filings, other than any information for which confidential treatment is requested or granted by the Commission, will be posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Docketbk/2013/13-274.html>.

The filing raises, *inter alia*, issues related to whether PSNH's assumptions and estimates of costs and revenues are reasonable and whether the resulting rates are just and reasonable as required by RSA 378:5 and 378:8. Each party has the right to have an attorney represent the party at the party's own expense.

Based upon the foregoing, it is hereby ORDERED, that a Prehearing Conference, pursuant to N.H. Code Admin. Rules Puc 203.15, be held before the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on October 28, 2013 at 10:00 a.m., at which each party will provide a preliminary statement of its position with regard to the petition and any of the issues set forth in N.H. Code Admin. Rules Puc 203.15 shall be considered; and it is

FURTHER ORDERED, that, immediately following the Prehearing Conference in Docket No. DE 13-275, PSNH, the Staff of the Commission and any intervenors hold a Technical Session to review the petition and allow PSNH to provide any amendments or updates to its filing; and it is

FURTHER ORDERED, that pursuant to N.H. Code Admin. Rules Puc 203.12, PSNH shall notify all persons desiring to be heard at this hearing by publishing a copy of this Order of Notice no later than October 15, 2013, in a newspaper with general circulation in those portions of the state in which operations are conducted, publication to be documented by affidavit filed with the Commission on or before October 23, 2013; and it is

FURTHER ORDERED, that pursuant to N.H. Code Admin. Rules Puc 203.17, any party seeking to intervene in the proceeding shall submit to the Commission seven copies of a Petition to Intervene with copies sent to PSNH and the Office of the Consumer Advocate on or before October 23, 2013, such Petition stating the facts demonstrating how its rights, duties, privileges, immunities or other substantial interest may be affected by the proceeding, as required by N.H. Code Admin. Rule Puc 203.17 and RSA 541-A:32.1(b); and it is

FURTHER ORDERED, that any party objecting to a Petition to Intervene make said Objection on or before October 28, 2013.

By order of the Public Utilities Commission of New Hampshire this ninth day of October, 2013.
