Re: DM 14-001, Mega Energy of New Hampshire, LLC
Application to Register as Competitive Electric Power Supplier

Dear Ms. Morgan:

On January 2, 2014, Mega Energy of New Hampshire, LLC (Mega Energy) submitted an application to the Commission for registration as a competitive electric power supplier (CEPS). The application included a certificate demonstrating it had completed electronic data interchange (EDI) testing with PSNH. On March 31, 2014, Mega Energy filed a letter of credit (LOC) with a one-year term, and requested a waiver of N.H. Code of Admin. Rules Puc 2003.03(a)(5), which requires that initial financial security be for a term of five years and 150 days.

Commission Staff filed a memorandum on April 9, 2014, and noted that, if the rule waiver is granted, the application complies with the requirements of Puc 2003 and 2006.02. Staff recommended that the Commission grant the waiver request and approve the registration for a term that begins with the date of the approval letter and ends concurrently with the expiration date of the LOC, March 25, 2015. In addition, Staff recommended that the Commission authorize Mega Energy to operate only in the franchise area of PSNH. Finally, Staff recommended that Mega Energy be informed that the financial security rules are likely to change before December 2014, and that it should monitor the rulemaking process in Docket No. DRM 13-151 and plan accordingly.

The Commission has reviewed Mega Energy's application and Staff's recommendation and has granted the requested rule waiver and approved the application as recommended. Accordingly, Mega Energy's application to register as a CEPS, authorized to operate only in the PSNH franchise area, is granted for a term beginning on April 11, 2014 and ending on March 25, 2015. Pursuant to N.H. Code Admin. Rules Puc 2003.02(a), Mega Energy must submit its next renewal application at least 60 days prior to the expiration of the approved registration period, on or before January 26, 2015.

Please be aware that registered CEPSs are subject to specific requirements contained in Puc 2000 – Competitive Electric Power Supplier and Aggregator Rules. These rules are available at: <http://www.puc.nh.gov/Regulatory/Rules/PUC2000.pdf>. Finally, as noted above, the financial security rules set forth in Puc 2003.05(a)(5) are likely to change. Please monitor the Commission's website for notice of this rulemaking process and plan accordingly.

Sincerely,

Debra A. Howland
Executive Director
