Subject: DM 14-005 Ambit Application as CEPS, SOS

Monica,

This is a follow-up to the voicemail I left you. We received your filing today, which included documents related to your Secretary of State filing. None of those documents however, certify Ambit is authorized to do business in New Hampshire. What will meet the requirement is a copy of the certificate from the SOS's office. The certificate has a gold-colored seal and prominently displays the word "Certificate."

According to other applicants I've discussed this with, the certificate must be specially requested, and is not provided automatically by the SOS office. There is a small additional charge for the certificate.

Thank you.
