RE: DM 14-008, Request for Mint Energy, LLC's Original Surety Bond

Dear Director Howland,

Mint Energy, LLC ('Mint Energy') respectfully requests the New Hampshire Public Utilities Commission ('Commission') to relinquish Mint Energy's original surety bond.

Per the New Hampshire Code of Administrative Rules Part Puc 2003.01, Mint Energy filed an original surety bond in the amount of one-hundred thousand dollars (\$100,000) along with its competitive electric supplier application. Following this filing, Mint Energy received a deficiency letter from the Commission, stating that the bond does not conform to the application's financial security qualifications.

In its effort to meet the qualifications stated in the deficiency letter, Mint Energy will need to return the original bond to its insurance broker, RLI Insurance Company ('RLI').

Enclosed, please find an empty, prepaid mailing envelope addressed to Mint Energy's RLI broker. Mint Energy respectfully requests that the Commission place Mint Energy's surety bond in the addressed envelope and send it to its recipient, Melissa Solberg.

Please feel free to contact me directly at (781) 229-6468 ext. 308 or by email at acvitkovic@mintenergy.net with questions.

Sincerely,

A handwritten signature in blue ink, appearing to be "AC" followed by a long horizontal stroke.
