**Re: Docket No. DE 14-031; Liberty Utilities (Granite State Electric) Corp.
Default Service Rates for the Period November 1, 2014 through April 30,
2015 for both the Large and Medium Commercial and Industrial Customer
Group and the Residential and Small Commercial Customer Group**

Dear Ms. Howland:

I enclose for filing one redacted and seven confidential copies of Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities' proposed Default Service rates for the Large and Medium Commercial and Industrial and Residential and Small Commercial Customer Groups for the six-month period November 1, 2014 through April 30, 2015. This filing includes the pre-filed direct testimonies of John D. Warshaw and David B. Simek with accompanying schedules.

Certain schedules included in the default service filing contain confidential information, specifically, the Company's transaction confirmation with the winning supplier, bid evaluation and summary, REC pricing, and retail meter commodity cost calculations. The Company requests confidential treatment of these materials pursuant to PUC 201.04(a)(5), 201.06(a)(30) and 201.07, which collectively afford confidential treatment of such materials in routine Default Service filings. With respect to the wholesale power purchase prices included in this filing, the Company requests confidential treatment only until such time those prices are required to be made public by FERC.

The Company believes the proposed Default Service rates are consistent with RSA 374-F:3, V(c) and Commission precedent and are in the public interest as reflective of "competitive market" prices. See NH RSA 374-F:3, V(c). Accordingly, the Company respectfully requests that the Commission approve the proposed rates to become effective for service on and after November 1, 2014.

Thank you for your assistance with this matter.

Very truly yours,
