Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 14-077
July 2014 Monthly Cost of Gas Report

Dear Director Howland:

Pursuant to the Commission's Order No. 25,657 in Docket DG 14-077, enclosed is Northern Utilities - New Hampshire Division's (the Company) current calculation of its projected over or under collection of gas costs ending October 31, 2014 for the 2014 summer season. The Company is also providing a summary of its hedging transactions and monthly inventory interest calculation, both updated through June 2014.

The calculation, which reflects the Company's actual May 1, 2014 balance and gas futures prices as of July 18, 2014, produces an anticipated over-recovery of \$98,603 or 2.48% for the 2014 summer period. At this time, Northern is not proposing a rate change.

If you have any questions regarding this filing, please do not hesitate to contact me or Chris Kahl at (603)773-6425.

Very truly yours,

George H. Simmons Jr.
