Re: DT 14-123 FairPoint Communications - NNE
Request for Waiver of NeuStar's Denial of Numbering Resources

Dear Mr. Auerbach:

Northern New England Telephone Operations LLC d/b/a FairPoint Communications - NNE (FairPoint) has petitioned the New Hampshire Public Utilities Commission (Commission) to grant waivers of NeuStar's denials of twelve (12) separate FairPoint requests for numbering resources, each of which was for a block of numbers that contains a FairPoint Local Routing Number (LRN). FairPoint, which has OCN number 5113, submitted a request for one block on March 28, 2014, and submitted requests for the other eleven blocks on April 23, 2014. All of these requests were denied based on FairPoint's utilization of existing numbers in each of the exchanges. The requests are attached to this letter. According to FairPoint, the blocks containing the LRNs were donated to the pool in error in or around 2003, which is prior to the transfer of assets and operations from Verizon to FairPoint in 2008.

Pursuant to the Federal Communications Commission's Numbering Resource Optimization Third Report and Order and Second Order on Reconsideration (FCC 01 -362) Appendix A, Final Rules, 52.15(g)(4), a state commission may overturn NeuStar's decision to withhold numbering resources from a carrier if the state commission determines that the carrier has "demonstrated a verifiable need for numbering resources and has exhausted all other remedies."

The Commission staff has reviewed the petition and has recommended that waivers for the 12 requested blocks be granted. The Commission has found good cause exists, in this instance, to grant FairPoint's petition for waivers. Accordingly, the Commission requests that the Pooling Administrator provide the subject blocks requested by FairPoint.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra A. Howland".
