RE: DE 14-125, Pondview Conway LLC & Ossipee Affordable Housing LP
Request for Waiver

Dear Director Howland:

On May 15, 2014, Pondview Conway LLC (“Pondview”) and Ossipee Affordable Housing LP (“Mountainview”) filed a joint request to waive Puc 303.02 and permit the properties to return to master metering. Mountainview and Pondview had been converted from master metering to individual metering to participate in Public Service Company of New Hampshire’s (“PSNH”) HeatSmart program. The properties now seek end their participation in the HeatSmart program and return to master metering. On July 10, 2014, the Staff filed a memorandum stating that it supports the request and recommended that it be approved.

By this letter, PSNH states that it does not oppose the request of Mountainview and Pondview to return to master metering. For clarity, PSNH notes that should the Commission grant the request, the electric thermal storage units installed within the individual units during the conversion to HeatSmart at the properties will remain in place. Moreover, if the request is granted, PSNH would coordinate with the owners and managers of the properties to make the necessary metering changes that would enable the properties to return to master metering. However, the individual meter sockets would remain in place to allow the properties to be returned to individual metering in the future, if necessary or advisable.

Thank you for your assistance with this matter. Please do not hesitate to contact me with any questions.

Very truly yours,

Matthew J. Fossum
