Re: Withdrawal of Hospital Energy natural gas license PM 14-171

Dear Executive Director,

Hospital Energy hereby requests that the Commission approve withdrawal of our natural gas aggregator license PM 14-171 effective June 30, 2014. Our firm has no natural gas clients in the State of New Hampshire and is not soliciting such business. We continue to operate as a duly authorized electricity aggregator for healthcare institutions. Thank you for your attention to this matter.

Very Truly Yours,

Mark Mininberg  
President

Cc: David Goyette
