Subject: New Hampshire Gas Corporation  
DG 14-230: Cost of Gas Adjustment Monthly Reconciliation, December 2014

Dear Ms. Howland:

In accordance with the Commission's Order No. 25,729, enclosed is an original copy of the monthly calculation of the projected (over)/under collection for the Winter 2014-2015 period.

The computations are based on actual costs and revenues for November and forecasts for the remainder of the period. The calculations show a projected over-collection through April 30, 2015 of \$38,316 and would necessitate a \$0.0718 decrease to the current Non-FPO Cost of Gas Rate of \$1.4642, resulting in a revised Non-FPO COG Rate of \$1.3924 per therm. At this time, the Company elects to implement the revised rate of \$1.3924 per therm for the January 1st billing cycle.

Included in this package is an original copy of New Hampshire Gas Corporation's tariff page in compliance with the New Hampshire Public Utilities Commission's Order No. 25,729 – Order Approving Cost of Gas Rates issued October 28, 2014.
