RE: Utility Choice Savings, LLC's Renewal Registration for Electric Aggregator
Sir/Madam:

Consumer Choice has been made available to enable a more competitive marketplace, thereby saving consumers money. Utility Choice Savings provides consumers with the education and knowledge about Choice that is needed for them to make an informed choice in selecting an independent energy supplier.

As the Managing Member of Utility Choice Savings I have 7 years prior experience brokering natural gas and electricity. As a co founder and Chief Operations and Compliance Officer of Invado International, an international energy brokerage with over 34,000 residential, small commercial and large commercial customers I brokered energy through a team of Independent Reps operating in CA, IL, MI, OH, PA, NY, NJ, MD, GA, FL, KY and Quebec and Ontario Canada.

At the forefront of my focus is insuring we are compliant with state and local rules and regulations. Therefore, I have attached a renewal registration application, two copies of the renewal registration application, an electronic copy of the original application and filing fee for your consideration.

If additional information is required for the renewal of UCS licensing as an electric Aggregator in New Hampshire, please let me know and it will be provided.

Sincerely,

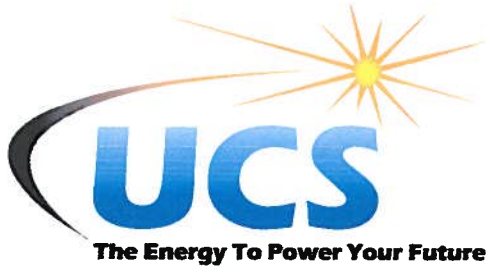

A handwritten signature in black ink, appearing to read 'George Clayton', is written over a white background.
