**Re: *Liberty Utilities (Granite State Electric) Corp., Public Service Company of New Hampshire and Unitil Energy Systems, Inc.,
Docket No. IR 14-338***

Dear Ms. Howland:

On behalf of NextEra Power Marketing, LLC ("NEPM"), the comments below are submitted in response to an electronic mail message dated March 23, 2015 from Commission Staff to the parties in the above-captioned docket.

NEPM generally agrees with Staff's positions identified in the document attached to the above-referenced electronic mail message. However, with respect to statement (c)(i.e. frequency of auctions), NEPM agrees with holding default service auctions every 6 months for the residential customer class, but believes that for C&I customers, bids should be obtained more frequently, i.e. every 3 months. This is consistent with Staff statement (b) which indicates that there should be different treatment of C&I customers and Residential and Small C&I customers.

NEPM appreciates the opportunity to submit these comments. Please contact me with any questions. Thank you for your assistance.

Very truly yours,

Susan S. Geiger
