

Dear Debra Howland,

NHPUC IDEC'14PM12:21

Delaware Valley Energy Solutions is submitting an initial registration to aggregate electric in New Hampshire. Delaware Valley Energy Solutions has no prior enrollments in New Hampshire.

DVES is licensed as an electric broker in Pennsylvania(#A-2012-2315716) and Ohio(#14-1470-EL-GAG) providing residential, commercial, and industrial customers brokering and consultant services. We are currently waiting on approval for a NJ broker license. DVES works for the energy consumer by providing transparent pricing from available suppliers. We bring energy suppliers to compete for the consumers business. We inform and educate the customer to contract language so there will be no surprises when choosing a third party supplier. We pride ourselves in conducting ethical business practices. We achieve this by only partnering with reputable and financially responsible energy suppliers, while, informing the customer whether they should choose a third party supplier or remain with their current EDC. We have returned several of our customers back to their local EDC due to the alternative supplier rate offers being greater than what the customer would pay with a third party supplier. This allows the customer to continue to shop for better energy rates when the market provides such opportunities.

DVES wishes to provide and implement these same practices through our online marketplace for New Hampshire residential, commercial, and industrial consumers in Liberty Utilities(Granite State Electric Co.), New Hampshire Electric Cooperative, Public Service Co. of New Hampshire, Unitil Energy Systems to shop the available suppliers within their service area. DVES will not be telemarketing or performing door-to-door sales.

The application includes registration Original, 2 copies, CD electronic copy, copy of Certificate to do business in New Hampshire, and filing fee of \$250.00.

Thank you for considering Delaware Valley Energy Solutions for an Aggregator License in New Hampshire.

Kerry Stutzman

President
